BALE MASTER 100

VERTICAL BALER

OVERVIEW

The Balemaster 100 from Moovmor is a front loading baler with a generous 750mm x 450mm fill opening for easy loading of regular cardboard boxes. The Balemaster 100 with its high packing force produces densely compacted bales 700mm x 600mm x 600mm. Completed bales are ejected using a simple lever arm mounted on the side of the baler. The Balemaster 100 is a high quality heavy duty system known for its reliability and long lifespan.

STANDARD FEATURES

- High density mill sized bales
- Cardboard bales up to 100 kgs
- Plastic bales up to 70 kgs
- 7 Tonnes packing force with fast cycle
- Single phase 13A power supply
- Bale tying using heavy duty tape
- Large loading aperture for easy loading
- Full bale indicator
- Suitable for indoor or outdoor operation

BENEFITS

- Save space and time with fewer high density bales
- Save running costs and reduce power consumption with our latest high efficiency power-pack designs
- Low carbon footprint
- Easy operation, one-push-start button
- Robust design, engineered for long life
- Over 30 years of providing waste solutions

BALEMASTER 100

VERTICAL BALER
